Speaker's Task Force on Foster Care Announces New Website

Site created to keep Wisconsinites up-to-speed on committee's work

MADISON –Today, Representative Patrick Snyder (Schofield) and Representative Steve Doyle (Onalaska) announced the creation of a new website for the Speaker's Task Force on Foster Care.

"This website will give Wisconsinites 24-hour access to the work we are doing around the state," said Snyder. "It is important that the public is kept up to speed with the progress being made by the task force."

Members of the public will be able to access information on future public hearings, press releases, hearing recaps, and any news related to the task force. The website will also serve as the primary method to get into contact with members of the committee.

"We want to hear the public's input on the issues we are tackling over the course of the next several months," said Doyle. "If they are unable to attend the public hearings, the website is a great tool to reach out to the task force and make sure your voice is heard."

The website will be continuously updated to provide members of the public with the most recent information regarding the task force.
